

Gregory O. Scott is a pen name for fan fiction writer HandofThrawn45. When Disney rebooted the Expanded Universe in 2014, it brought about the official end of the Star Wars Legends continuity. Yet while no new official Legends books have been released since the official end of the Legends line of books, not everyone has been willing to accept that it would seem. Since 2018, HandofThrawn45 has written a number of fan novels which are intended to close off the loose ends created in the wake of Disney's end of the Legends Continuity.

After the Emperor died, the war against the Empire continued. The brave soldiers of the New Republic continued to fight against the remains of the Empire and its new leader, Gilad Pellaeon. It is still unknown if he will live up to the example of his mentor Thrawn or face the extinction of everything he'd ever known...

Decades later, Grand Admiral Pellaeon is the leader of the Galactic Alliance navy, tasked with training former Rebel and Imperial fighters to serve side-by-side. However, a series of attacks on Imperial convoys threatens to reignite the conflict between old enemies. Pellaeon finds himself forced to choose his loyalty: his Empire, or the stability of the whole galaxy.
